R.E.

In R.E., we made adverts for a Christian band, for example: Hillsong United. We thought about why Christians would listen to music about God and designed a picture too. We have also written our own rules for living, such as being thankful for your life. Some of us wrote about what would happen if people disobeyed the rules. We finished with a reflection on what it means if God is holy and loving.

Nativity

We really enjoyed watching Key Stage 1's Nativity performance. They remembered all their lines really well and they looked brilliant up on stage in their costumes. Some of us had a sibling in the performance and enjoyed listening out for their parts, as well as their singing and the accompanying actions.

Panto trip!

At the pantomime, we watched Aladdin. Charlie was being very observant: at the start, they said the panto was set in a time before phones, but then they mentioned Instagram which Charlie thought was interesting! Ava enjoyed the interactions between Gordon the monkey and Wishy Washy. Jack thought the best part was the slippery laundry scene. We all thought the dancing gorilla was hilarious! Overall, we all enjoyed our time at the panto.

Christmas Service at Church

When we went to church, Reverend Nigel said that he knows it's Christmas when he can see his breath in church, so we felt very festive as it was quite chilly! We thought Leo's singing performance was fantastic, and enjoyed lighting our Christingle oranges as well as singing some Christmas carols. School council prepared some information about the history of Christingle services, which was interesting to hear.

Homework:

Maths

As a challenge over the break, try to use your 'maths eyes' to spot maths in and around your home, such as shapes on the Christmas tree or the number of roast potatoes you eat! You might take a picture, write some word problems or challenge your family to some mathematical problems. Merits will be awarded for bringing in something in January to show how you've been using your maths eyes.

Reading

Please continue to read and record this over the Christmas break, as often as you can (preferably every day!). There will be merits for the most enthusiastic readers when we come back in January.

I hope you all have a fantastic Christmas and enjoy the break! Looking forward to seeing you all refreshed and ready for more learning in January. ☺
